SAFETY POLICY

We acknowledge the Occupational Health & Safety Management System (OH&S) as an integral part of our business performance and responsibility. We believe in conducting all our activities in a manner acceptable only as per the best industrial safety standards. Ensuring the well being of the employees & their work environment is our primary concern

We will pursue safety efforts in a sustained & consistent manner by establishing safety goals, demanding accountability for safety performance & by providing the resources to make the safety programme work.
